- Gather information on your own site or from others
- Collate reports of key indicators
- Aggregate responses for reporting

Action Plans for focusing resource

- SMART Action Plans can be delegated as required
- See what needs actioning as it happens from anywhere

Designed to put *you* in charge of CQC Compliance Management

QUIQCARE is the leading CQC compliance solution, tried and tested by hundreds of social care providers, 98% of CCGs, and professionals throughout the care sector.

Bringing together all aspects of compliance management into one manageable workspace QUIQCARE is ideal for both single site concerns and groups.

In a multi site situations, like **Primary Care Networks**, QUIQCARE gives a centralised view on the compliance position across the group and allows proactive management.

Audits and **Surveys** automate data collection processes, and scheduled checklists remind stakeholders of regular tasks. **Action Planning** focuses resources on areas that need it, linking Practice Managers through to Clinical Directors efficiently and meaningfully.

Let us show you how QUIQCARE can put you in control of CQC Compliance.

“Spreadsheets and box files really aren’t the answer, we know, that’s what we did; QUIQCARE is built for the job”
